

K-LOVE serves my family and I as residents of our local community of southwestern Arkansas. We are so pleased with the message that K-LOVE sends out....hope, peace, and encouragement. Our community would suffer a GREAT LOSS if K-LOVE were to be displaced by an LPFM broadcaster providing other programing. Our family has never been as blessed and encouraged by any other programs as we have K-LOVE. I believe it is in the best interest of our area to bring positive Christian values to families. To build up our community and deter crime and bring hope to everyone. Having K-LOVE's uplifting testimonies, and positive upbeat music is a MAJOR plus for our area. The saying is definitely true....Garbage in = Garbage out..we want our community to continue to have less crimes and remain safer, with K-Love being heard by local residents we believe this is possible!
